The Company plans to hold a conference call for institutional investors and analysts regarding its financial results for the nine months ended December 31, 2010 at 18:30 on February 10, 2011. The material for the conference call will be posted on TDnet and the Company's website.

- 1. Other Information
- (1) Changes in significant subsidiaries during the period: None
- (2) Adoption of simplified accounting methods, or utilization of unique accounting methods:

<Simplified accounting procedures>

- (i) Allowance for Doubtful Accounts
- For loans and claims other than loans to and claims on "bankrupt obligors", "substantially bankrupt obligors" and obligors that have not yet suffered business failure but are considered highly likely to fail, allowance for doubtful accounts is calculated by using the rate of losses from bad debts as of September 30, 2010, as the Company recognized no material changes in the rate during the three months ended December 31, 2010.
- (ii) Depreciation of Tangible Assets
- Depreciation of tangible assets is computed by proportionally allocating the estimated annual depreciation for the fiscal year.

<Specific accounting procedures applied in the preparation of the quarterly consolidated financial statements>

- (i) Calculation of Taxes
- At some consolidated subsidiaries, income taxes are calculated by applying a reasonably estimated effective tax rate to income before income taxes for the nine months ended December 31, 2010. The estimated effective tax rate is determined by estimating the effective tax rate after taking into account the effect of deferred tax accounting for the full fiscal year, including the nine months ended December 31, 2010.
- (3) Changes in accounting policies, procedures and presentation rules applied in the preparation of the quarterly consolidated financial statements:
 - (i) Application of "Accounting Standard for Asset Retirement Obligations"
 - Effective the three months ended June 30, 2010, the Company applied "Accounting Standard for Asset Retirement Obligations" (Accounting Standards Board of Japan (ASBJ) Statement No. 18 issued on March 31, 2008) and "Guidance on Accounting Standard for Asset Retirement Obligations" (ASBJ Guidance No. 21 issued on March 31, 2008). As a result, ordinary profit and income before income taxes and minority interests for the nine months ended December 31, 2010 decreased by 78 million yen and 4,152 million yen, respectively, compared to the figures calculated by the previous method. The amount of change in asset retirement obligations incurred due to the initial application of the accounting standard for the period was 3,247 million yen.
 - (ii) Other significant information in the preparation of the quarterly consolidated financial statements
 - Due to the Company's demutualization on April 1, 2010, net assets in its balance sheet as of December 31, 2010 were reported in a joint corporation format, while those of March 31, 2010 were reported in a mutual company format.
