Support Recommendations of the Task Force on Climate-related Financial Disclosure (TCFD)

The Dai-ichi Life Holdings, Inc. (the “Company”; President: Seiji Inagaki) has decided to support the recommendations of the Task Force on Climate-related Financial Disclosures (“TCFD”) which has been established by the Financial Stability Board (FSB).

()TCFD proposed recommendations on voluntary climate-related financial information disclosures.*

The Dai-ichi Life Group aims to achieve further growth through creating value by addressing social issues. To realize it, Group will leverage its unique strengths developed over 116-year history along with the spirit of innovation described in the Medium-term Management Plan CONNECT 2020 (FY 2018-2020). In this sense Dai-ichi Life recognizes that efforts related to tackling climate change issues will continue to serve as a foundation for the further growth.

In addition to reducing environmental impact (lower carbon emissions, etc.) and ESG investment (renewable energy-related projects finance etc.), the Dai-ichi Life Group will deepen the analysis of the risks and opportunities that influence life insurance and asset management businesses. Namely, impacts of natural disasters as a result of climate change and influence of infectious diseases on human life and health as well as the impact on economy and society due to policy changes accompanying the transition to a low-carbon society. Additionally, we will share more disclosures based on the recommendations proposed by TCFD.

Overview of Task Force on Climate-related Financial Disclosures (TCFD)

- Dec. 2015: TCFD was established based on the discussions at FSB, in response to the communique of Finance Ministers and Central Bank Governors Meeting of G20 countries.
- Jun. 2017: TCFD proposed recommendations to companies on voluntary disclosure of climate-related financial information for investors' better decision-making.
