Total pay out	66,683 million yen	-	58,453 million yen
Effective date	June 24, 2019	-	June 26, 2018
Source of dividends	Retained earnings	-	Retained earnings

(*) Forecast announced on May 15, 2018.

2. Reason

With regard to the appropriation of surplus, the Company keeps a balance between securing the necessary internal reserves for the entire group in order to ensure a sound financial standing in case of future changes in the business environment and to take advantage of growth investments and appropriate distribution of profits to shareholders taking into account cost of capital.

Under such policy, together with the business results for the fiscal year, the Company resolved to increase its dividends per share for the fiscal year ended March 31, 2019 by 5 yen from the previous forecast of 53 yen to 58 yen. This is an increase of 8 yen compared to the paid amount for the previous fiscal year of 50 yen.
